Will Survey Dry Straits This Summer

Can Do Nothing On Survey Question

Some time ago the Town Council took up the matter of having the Indian land holdings within the incorporated limits of Wrangell surveyed at the same time the resurvey is being made, and a letter was sent through the Mayor to the Commissioner of the General Land Office, to which Mayor Emery has received a reply stating that "under existing regulations and decisions of the Department, I am unable to grant any relief on the petition". This is a matter that seriously concerns the town and if it is possible some laws should be passed to regulate this. Below we reprint a copy of the instructions as they are now:

Instructions

Department Of The Interior
General Land Office
Washington, D. C.

December 29, 1908

Agreeably to Departmental decision of December 3, 1908, concerning the status and rights of Indian occupants in the townsite of Wrangell, Alaska, Section 8 of the "Regulations concerning the manner of acquiring title to town-

sites on public lands in the District of Alaska" (33 L. D., 163) is hereby amended so as to read as follows:—

In order to meet the expenses incident to the townsite entry and the execution of the trust thereupon, trustees of the several townsites entered in said district shall levy assessments upon the property held or possessed by occupants other than Indian or native Alaskans, and shall apportion and convey the same to them according to their respective interests.

If the townsite includes lands possessed by Indian or native Alaskan occupants, such possessions shall not be assessed nor conveyed by the trustee pending the "future legislation" contemplated in Section 8 of the Act of May 17, 1884 (23 Stat., 24). In making the subdivisional survey required by Section 9 of these regulations, the trustee will set apart the Indian possessions and appropriately designate them as such upon the triplicate plats of his survey, but he will not extend any street or alley upon or across such posses-

Washington, March 3—Provisions for the survey of Dry Strait, near Wrangell, Alaska, and the mouth of Snake river, Nome harbor, are made in the emergency rivers and harbors improvement bill and was reported to the United States Senate yesterday. The survey of Dry strait is to determine its availability as a channel and, if proved to be such, to avoid the dangers of Wrangell Narrows by improving it.

All special appropriations in the rivers and harbors bill were stricken from the measure by the committee before reporting it.

Chamber of Commerce Indorses Petition

The Wrangell Chamber of Commerce this week has sent a letter to Delegate Wickersham indorsing the action of the Juneau Commercial Club in their endeavor to have the War Department station the cable ship Burnside in Alaskan waters.

FRED DENNETT
Commissioner
Approved December 30, 1908.
James Redolph Garfield
Secretary.

The foregoing was published in the issue of the Juneau Empire of March 3rd and explains itself. It means that the Dry Straits will be surveyed this summer and next year we can expect to see a large crew at work on the dredging of the channel. This is the beginning of a new era in the transportation to Alaska, as this new route will be of great benefit to the whole of Alaska, not only in making a much safer and quicker route but will reduce the insurance and freight from Seattle to all points north. Watch Wrangell grow.

Canoe Pass Cannery Operate This Year

The Canoe Pass Packing Co., which owns a salmon cannery at Canoe Pass, will operate same the coming season. The plant has been shut down for two seasons. —Pacific Fisherman.

Remodling St. Michael Store

Mr. P. C. McCormack, of the St. Michael Trading Company, is sure a busy man this week figuring and planing on the remodeling work being done on that store. A big store room is being built on the back for a store room; and the present partition making two rooms of the store will be taken out, making the store all in one big room and giving twice the floor space. After this is finished Mr. McCormack is planning on a beautiful plate glass front which will be added, making by the time all plans are finished the finest store in the town.

Notice Of Town Election

NOTICE is hereby given that the annual municipal election for the Town of Wrangell, Alaska, will be held in the Council Rooms, Town Hall, on Tuesday, April 6th 1915; between the hours of 10 o'clock a. m. and 7 o'clock p. m. of said day, without closing.

This election will be held for the purpose of electing a Common Council of seven members, and two members of the School Board, a clerk to fill the unexpired term of L. P. Dawes, and one member for a three year term.

By order of the Common Council of Wrangell, Alaska, made this 4th day of March, 1915.

PAUL F. STANHOPE,
Town Clerk

The Clatswa has been put on the grid irons this week and will be thoroughly overhauled before going into commission again. The Albino is taking her place on the fair side of C. M. Collier.

Wrangell Will Soon Have A Bank

C. E. Clure and Jacob Johnson, bankers of Petersburg, were in Wrangell last week interviewing the business men of this city with regard to starting a branch of their bank at this place. After interviewing the business men they returned to their home, and the

outcome of the trip will be made public in the course of a week or so. Wrangell has the best opening for a bank of any town in Alaska and they are assured a good business if they see fit to come to our city.

Notice of Caucus Woman Declared Unsound Mind

Notice is hereby given that a meeting of the citizens of Wrangell, Alaska, will be held in the Council Chambers, Town Hall, on Thursday, March 25, 1915, at the hour of 8 o'clock p. m. for the purpose of nominating candidates for a Common Council of seven members and two members of the Wrangell School Board; one to fill the unexpired term of Dr. L. P. Dawes, and one for a term of three years.

C. A. EMERY,
President of the Common Council
and Ex-officio Mayor of Wrangell, Alaska.

We have the goods, the Riak.

Mrs. Wanda Stoltz was declared of unsound mind by a jury in Commissioner Marshall's court yesterday. She has been ailing for some time, and seemed to grieve over the loss of a child. Feeling that it was best to have her taken care of, the husband consented to the trial. —Dispatch. Mrs. Stoltz became insane while in Wrangell some time ago and was taken to Juneau for treatment by her husband.

Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the type is shifted—not the carriage.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. type-writing is free from blurs and every letter in the right place.

NOTICE OF APPLICATION FOR UNITED STATES PATENT.

Mineral Application No. 01733

In the United States Land Office, Juneau, Alaska.

United States Mineral Survey No. 1010

NOTICE IS HEREBY GIVEN that in pursuance of the Act of Congress approved May 10, 1872, "to promote the development of the mining resources of the United States," F. M. Jordan, whose post office address is 211 American Bank Building, in the City of Seattle, State of Washington, U. S. A., does hereby give notice of his intention to make application for United States patent for the F. M. Jordan marble placer claims embracing the George Kelley Marble Claim, W. A. Finn Marble Claim, George Pulver Marble Claim, J. C. Rathbun Marble Claim, R. L. Fox Marble Claim, Fielden Smith Marble Claim, Ridge Marble Claim and Seattle Marble Claim. Said mining claims belong to and are owned by said F. M. Jordan and are situated and lie in the Ketchikan Mining District, in the Territory of Alaska, and are numbered and designated as United States Mineral Survey No. 1010. Said claims are contiguous to and join each other as more particularly described by the plat and field notes of survey with magnetic variation at 28° 48' east posted herewith upon the premises, and contain in the aggregate twelve hundred sixty-eight and five hundred twenty-five one thousandths (1268.525) acres of land bearing valuable deposits of marble and other valuable minerals, located in Lat. 56° 10' N. WEST COAST NEWS

F. E. BUTLER, EDITOR : Craig, Alaska

W. H. Ramsey sold his south side property to John Kinkilah. John will make a few improvements upon the completion of which he will move in and enjoy the salubrious climate of the banana belt.

Mr. and Mrs. W. H. Ramsey left on the S. S. Dispatch for Seward via Sitka. They expect to make their permanent residence at Seward or vicinity.

The S. S. Dispatch, of the Border line S. S. Co., made her first call at this port on the 5th inst., discharging about twenty tons of freight. It was with pleasure that we noted Capt. Bruhn, the pioneer skipper in these waters, on the bridge in command of the Dispatch.

The Rev. David Wagoner, of Juneau, spent the past week here and along the West Coast, visiting his many friends and looking after the affairs of the Presbyterian missions in this section.

The Rev. Condit, of Juneau, was a visitor here last Sunday and on Sunday evening preached an able and instructive sermon to a large and appreciative audience. Mr. Condit has charge of the missionary work in Alaska under the auspices of the Presbyterian Church and is certainly the right man well fitted and qualified for the work.

Rev. Beck, of Cake, was a visitor here Sunday. He was traveling in company with Rev. Condit and Wagoner, hence his conduct was exemplary and is entitled to (the) Cake.

Miss Gibson, the government nurse temporarily located at Klawock, spent Sunday in our village and attended divine services in the evening.

Craig Millar, for two years past superintendent of the cannery here, was a passenger on the Dispatch. Craig has taken over an interest in the cannery at Warm Chuck known as the Swift cannery and was on his way to that point to put things in shape for the canning of about forty thousand cases of fish during the coming season.

Mr. Gary, who was cannery foreman here last season, accompanied by his wife, were passengers on the Dispatch for Warm Chuck, where he will assume similar duties the coming season. We understand that Mr. Gary has bought an interest in the cannery.

Mr. Grey of Wrangell, deputy fish commissioner, is here for a fortnight looking after matters connected with his department and taking observations of fish life, habits etc.

Our town is soon to have installed a public telephone system. The promoters are contemplating putting in a line connecting Klawock with this place. This certainly will prove a great convenience to the people of the two places.

A. J. Young, who has been confined in the hospital here for the past three weeks suffering from a gun shot wound in the leg, returned to his home at Hetta Saturday.

You must not imagine for one minute that because of the visits of a number of missionaries to our fair village during the past week; that they, the missionaries think that we are in great need of their special attention, but it might be more apt to think that they were seeking renewed inspiration, increased energies, a higher and more perfect equilibrium of thought and more perfect moral and mental poise by contact with our people.

He Certainly Had Nerve.
The man is considerable of a bore. He was calling on a girl the other night and had stayed so long that she was somewhat fatigued. About midnight he began to talk about his health.

"I'm not well," he said; "it's just my nerve that is keeping me up."

She couldn't resist the temptation. "That's what's keeping me up, too," she said.

A few minutes later he said he guessed he'd have to go.—New York Telegraph.
